

Flink GmbH looks back on over 18 years of multiple award-winning product development and caters to various companies, ranging from startups to international corporations. As a specialist in technical products, Flink primarily supplies customers in the medical, industrial, and sports sectors.

To expand our team, we are looking for an immediate hire or at a mutually agreed upon time, a

Technical Procurement Specialist - (m/f/d)

(80-100% workload) based in Chur/Switzerland

You appreciate and master the challenging puzzle of industrialization, production, and logistics. With your quick comprehension and technical understanding, you swiftly integrate into our team and become a valuable asset during development, industrialization, and in tackling logistical and production-related challenges.

Your Responsibilities

- Take responsibility for the industrialization and organization of production.
- Develop and implement processes to increase efficiency and quality in production processes.
- Identify bottlenecks and optimization potential in production.
- Collaborate with various departments to ensure production goals are met.
- Plan and monitor the technical procurement of materials and components.
- Identify and evaluate potential suppliers.
- Negotiate contracts and conditions with suppliers.
- Monitor delivery schedules and ensure timely availability of materials.
- Organize and optimize logistics with our logistics partners.
- Conduct supplier evaluations and engage in continuous supplier development.

Your Profile

- Completed technical degree or a comparable qualification
- Demonstrated experience in the development, industrialization, and organization of production of technical consumer products
- Expertise in technical procurement and supplier development
- Strong analytical and problem-solving capabilities
- Effective communication and negotiation skills
- Ability to work efficiently in a team-oriented environment
- Exceptional organizational and time management abilities
- Fluent in German and English

We offer you the opportunity to work in a creative and innovative environment, and to be part of a dedicated team. You will have the chance to apply your organizational talent, and collaborate closely with an innovative developer team and advanced production partners in Europe and Asia.

If you wish to apply your passion and talent for management and technical procurement in an exciting position, we look forward to receiving your application. Please send your resume and motivation letter to,
Nicole Comminot, personal@flink.ch
